

# Hamilton Pastoral Museum

## Sale of surplus materials etc from 2017 Hamilton National Rally.

The Pastoral Museum committee has decided to offer for sale surplus materials that were purchased new for the 2017 National Rally. The materials include some 3000 metres of 6 70 30 cyclone, 300 black star pickets and caps, lightweight marquees, printers and corflute signs. There are various quantities of each sign and the photo will give an idea of the sizes. All the listed items were purchased new and many of the corflute signs are unused but all items are in as new condition.

The values placed are at reasonable discounts to our original purchase price which in most cases was already discounted.

Please remember that the Pastoral Museum is a community organisation and your purchasing of any of these materials will help return funds to the museum for other purposes.

We would be pleased to discuss your needs from this list and remember that as time goes on items may be sold and no longer available.

Contact Mal Brinkmann, 0407975630 or Dennis Watt, 0407725246.
